INSTALLATION:

Chiu-chuan Barracks Area, Lan-chou Military Region, China

LOCATION:

Chiu-chuan Barracks Area is on the northwest side of Chiu-chuan on the south bank of a tributary of the Pei-ta Ho (river). It is 35 nautical miles (nm) east of Yu-men and 215 nm northwest of Wu-wei.

GENERAL:

The wall-secured barracks and school installation is divided into two parts by the main road leading out of Chiu-chuan to the northwest. Both areas have shown considerable growth throughout the period covered by this report. The road separating the areas has been rerouted over a new highway bridge and subsequent disuse of the road had made considerable land available. This land was used in the expansion of the installation.

Intelligence reports have identified this installation as being a technical training school for officer cadets and junior officers.¹ It contains multi-storied buildings and a hospital.

Accuracy Statement:

Conversion from square meters to square feet was determined by the factor: 1 square meter equals 10.76 square feet.
